

Brooks Fine Jewelry Slide Bracelets

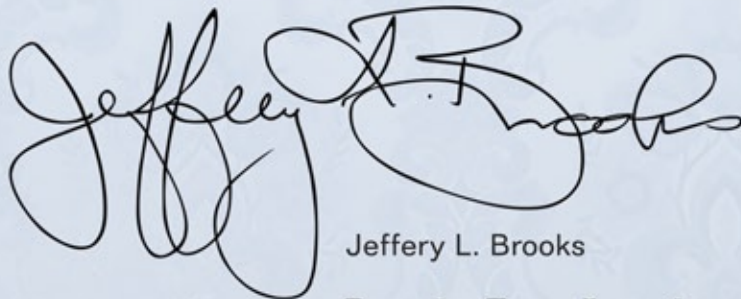

A slide bracelet makes a great gift and often becomes a treasured heirloom. Begin with a starter slide bracelet and add slides at your leisure. Choose from 14 karat yellow and 14 karat white gold and from a wide selection of diamonds, genuine semiprecious and precious stones. Create your unique piece of jewelry today.

- With three generations of family, we've been designing and manufacturing jewelry **in the USA** for over 30 years. 
- All slides and clasps have a solid enclosed back and a superior high-polish finish.
- Lifetime guarantee on our gold clasps. If a Brooks Fine Jewelry clasp tongue should ever break, return the clasp or bracelet and we will fit a new tongue for your clasp. This includes our gold bulls-eye clasp.
- Imitated by others, the **solid** bangle wire **Chameleon Cuff Slide Bracelet** is a Brooks Fine Jewelry original and a popular alternative to the slide bracelet chain.
- All items are available in 14 karat yellow gold and 14 karat white gold, with no additional cost for white gold.
- Something old, something new! If you have an old ring, such as a class ring, we can mount it on a plain slide for that one-of-a-kind slide.
- Being a manufacturer we also recycle old gold. Trade-in your old gold for new jewelry (see website for details).
- We will add new slides to your existing slide bracelet, inspect settings, and polish your slide bracelet at no extra cost.
